Evening Chat

How many Fairmont persons ever saw Main street at exactly midnight. Of course you have seen it at noon and in the evening and possibly as late as eleven thirty o'clock, but did you ever wonder what was happening, or who was still about, when the clock on the court house started to strike—

ONE—The last car from Clarksburg comes sticking its nose across the end of the South Side bridge—three or four young fellows are standing in front of the Manley hotel, the lights of which are a real London yellow through the fog—down the street goes a precise looking fellow with an umbrella under his arm; it is possibly the first time he has ever been on the street so late—down the street a little—

TWO—further two men are walking slowly along poking holes in the fog with their gesticulations, as they get under the arc light at Monroe street you see they are two Greeks from the Boston confectionary on their way home—the Clarksburg car is nearly to Monroe street—around from Jackson street—

THREE—the last car from Manington begins grinding its flanges on the curve—"Long Distance" Kerns starts to move from his position at the corner of the Watson building to where the car will stop, visions of a bootlegger perhaps—up from Washington street—

FOUR—a colored woman comes singing, walking rapidly too—the door to Andersons restaurant opens and three young fellows who have just had a half and a half sandwich come out and climb in their car—

FIVE—the Clarksburg car comes to a stop in front of the Dixie theatre—a young man who has evidently been visiting Glen Elk in Clarksburg, is trying to borrow a cigarette from the conductor. The Manington car gets to its stopping place and stops—three traveling men, who have been at Farmington No. 7, are becoming hysterical at some of the jokes Conductor Nelson is telling them—in front of the Jacobs building the janitor—

SIX—comes out with his broom and starts to clean up—The colored woman is now well on her way toward Jackson street, having escaped the vigilant eyes of Kerns, who it develops wants to borrow a match from the Manington motorman—

SEVEN—The three traveling men

have decided that they need a little rest and go into the Manley hotel—Kerns gets his match—The Clarksburg car starts a joyful spurt to the barns and the Manington car takes after it—As the Manington car swings around Sweeney Fleming is discovered as its lone passenger, and he yawns terribly. In front of Comunitis—

EIGHTH—some one appears with a rubber hose and starts sprinkling the street—an automobile frisks up Main street at 35 miles an hour—Tom Ford comes out of the Arcade restaurant loosening his belt—Ira Smith is just starting onto Main—

NINE—street from Monroe street, where for the past hour he has been entertaining a newspaper office with some of his jollity—The two interurban cars have melted into the fog across the South Side Bridge—

TEN—The man in front of Comunitis goes back in and slams the door behind him—The three young fellows in front of the Manley go inside to see where the traveling men registered from—Ira Smith starts up the street singing the "Moonskinners Misery"—

ELEVEN—Jules and deserted, things are in bed for the night—

TWELVE—Even more quiet and deserted.

SEEK TO ANNUL GIFTS. CLARKSBURG, W. Va., Oct. 11.—Gifts of coal and oil land in Gilmer, Braxton and Calhoun counties by Daniel Huffman, a farmer, who, aged 93, died in March in Gilmer county, to Rev. John S. Stump of Parkersburg, and the Baptist Missionary Association, are sought to be annulled by Drusa Strum and other heirs-at-law in a case started today in United States District Court here.

INDUSTRY CRIPPLES TROLLEY. WHEELING, W. Va., Oct. 11.—Local traction companies are being seriously crippled by the resignations of motormen and conductors and the cars are being manned by "green" men. The employers are quitting because of the high wages offered in other lines of employment.

Swollen Ankles and Feet Are Indications of Kidney Trouble

Swollen ankles and feet are forms of a dropsical condition, due to disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active, says an eminent physician. When one is sick the first thing to be done is to thoroughly test the kidney secretions.

The very best possible way to take care of yourself is to take a little "Anuric" with the meals. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding these organs.

"Anuric" was recently discovered by Dr. Pierce, of Buffalo, N. Y.; it has been thoroughly tested in his laboratory as well as in his Invalids' Hotel. Everyone can quickly associate Dr. Pierce with his great herbal restorative tonic, known as an invigorator for womanly ills.

A different person daily offers his or her words of praise of "Anuric." Now Mr. W. R. Bray speaks:

"I am appealing to those who are bothered with backache and a constant tired, worn-out feeling to give 'Anuric' a trial. I suffered from backache, swelling of hands and feet, frequent excretion from the kidneys and many other symptoms. Was unable to work, but after taking just one box of Doctor Pierce's Anuric, according to directions, I am again able and 'O. K.'"

Step into the drug store and ask for a 50c package of "Anuric," or send Dr. Pierce 10c for trial package. "Anuric" is 37 times more potent than lithium.

FRED O. BLUE WILL TALK TO BAPTISTS

His Address Will Be Feature of Baptist General Association.

(By Associated Press)
LOGAN, W. Va., Oct. 11.—Prominent Baptists from all parts of the state attended the opening session of the fifty-first annual meeting of the Baptist General Association of West Virginia here this afternoon. The Association is one of the largest and oldest religious bodies in the state.

The meeting was called to order at 2 o'clock and after devotional services, the delegates listened to the annual sermon by Rev. Elkanah Hulley of Philippi, W. Va., president of Broadus Institute. The annual address of Rev. T. C. Johnson, president of the Association followed after which Rev. L. B. Moore of Parkersburg, read the report of the State Board.

At the session tonight the principal speakers will be President Johnson, Rev. W. H. Bayles of Charleston, W. Va., Prof. G. W. Broyles and Rev. J. A. Ben-

addresses reviewing the progress made by the association during the past year will feature the session tomorrow. Among the speakers will be Rev. A. S. Kelley of St. Albans, W. Va. Rev. J. F. Frame, Rev. J. A. MacRae and Rev. H. S. Hall. The report of the American Baptist Publication Society will be submitted by Rev. Robert Bragg and the report of the State Sunday School convention by Rev. J. M. Criswell.

The principal speakers on Friday will be Rev. W. C. Taylor of Martinsburg, W. Va.; Rev. F. A. Agar of New York; Miss Ella D. MacLaurin of Boston, Mass., and Miss Janet S. McKay of Philadelphia. Special interest is being directed to the report on temperance which will be submitted by F. O. Blue, of Charleston, W. Va., state prohibition commissioner at the session on Saturday. Reports from various educational institutions of the church will also be made then. The speakers will include Rev. Halley, representing Broadus Institute, Rev. M. F. Ferrell of Alderson Academy and President H. T. MacDonald of Strer college. Rev. W. J. McGlothlin of Louisville, Ky., will also speak. The meeting will close Sunday.

The annual convention of the Baptist Ministers' Fraternal Union is also in session, having opened last night. The final session was held today. The principal speakers were, Rev. W. Leo Brown, of Hinton, W. Va., and Rev. Wheeler Boggs of Philippi, who discussed the Laymen's movement.

Edison Tone Test For Fairmont People

ROSS FURNITURE COMPANY IS MAKING ARRANGEMENTS FOR IT

The music lovers of Fairmont and vicinity may have the opportunity in the near future to attend an Edison tone-test, the unique musical and scientific demonstration that has been attracting wide attention in all parts of the United States during the past few months.

It is a well known fact that most photographs merely give an approximate reproduction of the human voice—a reproduction that may be pleasing to the ear but that falls far short of approaching the perfection of the warm and vibrant tones of the living voice.

When Thomas A. Edison invented the first phonograph and established the fact that sound could be reproduced, he realized that, if an approximate reproduction was a scientific possibility, a perfect reproduction could be secured.

He set the achievement of the latter task as a goal and for years he concentrated his energy and resources on the work he had determined to accomplish.

A few months ago he announced that he was ready to give a new and unique instrument of music, to the world.

In order to demonstrate the degree of perfection that he had attained in it, he gave a demonstration in Carnegie hall, New York, in which Mme. Marie Rapold of the Metropolitan opera, sang in unison with her voice on the new Edison.

An audience of the most cultured and discriminating musicians of the metropolis heard the test and found themselves unable to distinguish between the voice and the instrument and the voice of the singer.

The most noted and impartial music critics of the world, there to pronounce judgment on the new invention, listened and admitted that the living voice had been re-created.

The demonstration in New York aroused so much comment in all parts of the country that today artists are in great demand all over this country. Many of the music lovers of Fairmont have heard of these tests and expressed their desire to hear one of them.

It is in an effort to gratify the desire of these people that the Ross Furniture company the new Edison tests are arranging to have one of these demonstrations. The Grand Opera House has been engaged for October 25 and an art of great reputation has been secured.

It has been stated that no admission will be charged formal invitations with cards of introduction enclosed are being prepared for mailing.

They call the Brooklyn the "Dodgers" because they shy at the trolleys, or to make it more simple for the masses, Neil, because they shun the "jitney jockeys."

Safe Home Remedy for Skin-Troubles

Eczema, ringworm, and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—that is the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over twenty years.

Generally resinol stops itching at once, and heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's.

Resinol Soap is not only unusually cleansing and softening, but its regular use gives to the skin and hair that natural beauty of perfect health which cosmetics can only imitate.

WEST VIRGINIA ACCIDENTS. CHARLESTON, W. Va., Oct. 11.—Fatalities resulted to 36 persons in the 1942 accidents occurring in industries of West Virginia and reported to the Workmen's Compensation Department, during the month of September.

More than 2,000 formal applications for compensation were received, and 1,700 claims were paid in full while partial payments were made in over 200. Less than one week's disability compensation was allowed in 490 cases.

Courtesy Counts!

Telephone courtesy means more than mere politeness. It means consideration for the feelings and convenience of others.

This is just as important in business as in social intercourse. In a telephone conversation the party to whom you are talking forms his judgment of you entirely by what you say and how you say it.

Good manners and amiability never fail to make a favorable impression and greatly facilitate good telephone service.

Maxwell Service SERVES

Maxwell has put a real meaning into the word "Service."

Simply by requiring every Maxwell dealer to carry a full supply of Maxwell parts—so that he can replace any damaged or worn part at once, without waiting for parts to be shipped from the factory.

If you are a Maxwell owner your car will always be in running order because our dealer—any Maxwell dealer—can give you real and immediate service. If he couldn't, he wouldn't be a Maxwell dealer.

Not more than one or two automobile builders in the country can give you service that compares with Maxwell Service.

This is a vital point. Investigate fully before buying your car.

Maxwell's 1916 models: Roadster \$2800; Touring Car \$2900; Cabriolet \$3000; Town Car \$3100; Sedan \$3200. Fully equipped, including electric starter and lights. All prices f.o.b. Detroit.
